Make Incremental Changes

Version Control with git and GitHub

[c]

http:

//www.phdcomics.com/comics/archive.php?comicid=1531

<1>Methods for tracking versions<2>Suppose it stops working...

Don't keep track <2>

Good luck!

Save numbered files <2>

Manually compare files (with diff)

Formal version control <2>

Easy to study changes back in time

Easy to jump back and test

[c]

http://bit.ly/kcranstn_tweet

Why use formal version control?

Backup files that are changing
